Who do you think you'll be?

What do you think you'll be doing in the future? Are you going to travel the world or maybe start up a business? Well, remember these two things:

Being healthy is more important than getting rich.

If you look after yourself, you will be happy.

Tell us about your goals for the future!

Thomas

I don't want to work for a company and stay in one place. I see myself finishing university and taking some time out. I'm going to travel around Australia and other places. Unless you travel, you won't get a chance to have different life experiences.

Lucia

I always wanted to travel into space, and now I think it may be a possibility in the future. Some scientists believe we'll be living on other planets in a decade or two. If we don't look after our Earth and protect the environment, we'll need to move into space, but I hope it won't be too soon.

Marcus

I'm going to start my own business and by the time I'm thirty, I want to make my first million euros! I'm going to get rich in my twenties. Then I'll retire young and enjoy life. I'll settle down and have a family. I can't wait!

Debbie

I've been thinking a lot about the future. I'll be studying at university for three years and after that, I'd like to spend some time in India. I might do some volunteering at a school.

Julia

I'm just a student now, but I've got some big plans for the future. I've started teaching myself to play the guitar so I can become a musician in a famous rock band. I'm going to be a star!
